June brings warmth and comfort to all who know the importance of having a Certified Nursing Assistant as part of their medical Staff. We want to help you celebrate their efforts and remember them with a very special gift from the heart. Our t-shirts are 100% cotton, pre-shrunk, and manufactured to last. Combine such a wonderful product with a unique design dedicated to the CNA's special day, and you will have a gift that no one can match... a gift that can be worn all year around! We can customize your t-shirt order, or place any of these designs on a handy 15"x15" totebag.
