

FATHER'S DAY

Whether you call him Dad, Daddy, or Pops, he will forever respond to your cry and come running at your side in times of need. Your childhood memories will shine bright in your mind every time that your eyes meet, and you can never do enough to really show your love and appreciation. Well, we have the products and the designs to help you express your feelings towards Dad without uttering a word. Imagine your father with a 100% cotton, heavy wearing, pre-shrunk t-shirt with one of our originally created designs made specifically for this very special day. He will admire the bright colors, smile at the wit of our words, and enjoy wearing such a comfortable and long lasting product. Best of all, our 30 Day Net purchasing power will enable your department to buy as many t-shirts as needed without hurting your budget for the month. You can order a minimum purchase of six shirts with six different designs, and display them at your facility for your residents to choose from. Do not delay! Insure that all of your residents and staff are aware of such an excellent gift for their fathers on their special day, at an unbeatable price. Call one of our representatives Toll Free from anywhere in the USA, and ask him about our large variety of products created to help you succeed in all of your activities throughout the year.
